

Blockchain, the new disrupting technology for recording transactions and tracking assets in a business network

Grant Thornton Technology Hub provides a complete range of services, from advisory to software development, which will ensure your Blockchain project is a successful one. We build the bridge between innovative technology and smart businesses because we strongly believe that Blockchain is the engine of business evolution.

Our portfolio of services:

- Blockchain advisory services
- Blockchain regulatory watch
- Blockchain development
- Blockchain trainings
- Blockchain as a Service
- Infrachain Integrator

Key benefits of our services:

- Our unique combination of business advisory, professional services, and technical expertise, ensures that we can manage the project from idea to execution stage, delivering a complete Blockchain turn-key solution.
- We develop relevant business cases, create strategy roadmaps, scenario and risk management plans, guiding you during your rollout of innovative solutions using Blockchain technologies.
- We provide workshops, hands-on demo labs, and trainings in which ideas are transformed into Proof-of-Concepts, giving you the possibility to choose different topics based on your needs.
- We provide high-skilled Blockchain developers who will support your business innovation.
