

Payroll and global mobility digital solutions

Connect to a better customer experience and go paperless via our flexible and innovative payroll solutions

Our solutions

• Grant Thornton Client Portal

In an increasingly mobile world, our customers expect anytime, anywhere access to their information. Our secure online client portal enables you to share, consult and upload data in a secure way (payslip, tax declaration, employment contract...). The software is running on our highly secure servers in Luxembourg and is currently used by more than 6,000 daily users.

• Paperless to manage your payroll online

This modular platform integrates seamlessly with our payroll calculator. Paperless allows a transfer of the client's payroll information to the Grant Thornton advisor in a simple, fast and secure way, and allows to eliminate error-prone manual steps.

• Automated holiday management solution

Our solution allows fully automated and paperless staff leave management. It operates based on a system of workflows (approval, validation, vacation reporting...).
